

Horizon Europe - Advanced information

Horizon Europe is open for Swiss organisations - hands-on information on how to write a successful proposal - focus on impact pathways

Aim

Advanced information for understanding the concept of "impact pathways" in Horizon Europe:

- The least understood concept in Horizon Europe seems to be the idea of impact pathway. However, proposals are evaluated upon the "pathways to achieve the expected outcomes and impacts". This information event gives an introduction about the subject and shares some practical considerations.
